Symbolic Graph – logical design

Rob Woodbury, Halil Erhan
Andy Huang, Diliara Nasirova, Sinisa Koralic, Vinu Subashini Rajus
Issues with current SG

- It's not informative
- Doesn't manipulate design/model
- Not interactive
- No information about incoming and outgoing data
- Doesn't show dependencies
Node (logical design)
Node (logical design)
Node (logical design)

- **Point**
- **Line**
- **Plane**
- **...**
- **...**

- **Color coding**

- **Transparency**

- **On update methods**

- **Property**
- **Expression**
